## Institute of Certified Management Accountants of Sri Lanka <br> Strategic Level <br> November 2012 Examination

## Examination Date : $10^{\text {th }}$ November $2012 \quad$ Number of Pages : 06

Examination Time: 9.30 a:m. $-12.30 \mathrm{p}: \mathrm{m}$. Number of Questions: 05

## Instructions to Candidates

1. Time allowed is three (3) hours.
2. Total: $\mathbf{1 0 0}$ Marks.
3. Answer all questions in Part I and three (3) questions from Part II.
4. The answers should be in English Language.

| Subject | Subject Code |
| :---: | :---: |
| Financial Strategy and Policy | (FSP / SL 3-403) |

## PART I

Answer all questions

## Question No. 01 (40 Marks)

Rasel Company is reviewing the performance of its investment and financing activities, while considering expanding its existing manufacturing technology with the use of special equipment for manufacturing process. The proposed project is currently regarded as complementary to its existing lines of production technology. Management is concerned that Rasel can improve the quality of the product and, hence, earns a higher return.

The following are some of the information extracted from the annual reports published by the Company as at 31/03/2012.

## Rasel Company

Balance Sheet as at 31/03/2012
(Rs. in millions)

| Assets | Rs. million | Rs. million |
| :--- | :---: | ---: |
| Cash |  | 5 |
| Receivable |  | 25 |
| Long-term assets | $\underline{100}$ |  |
| Total assets | $\underline{130}$ |  |
|  |  |  |
| Liabilities and Equity | 36 | 20 |
| Current Liabilities | 50 |  |
| Long-term debt | 24 | $\underline{110}$ |
| Common stock (Rs.100/- each) |  | $\underline{130}$ |

The management expects that Rs. 15 million additional capital through long-term debt at the rate of $12 \%$ and Rs 100 common stock at current market price for the new expansion that would increase sales by Rs. 24 million, in the next year. Incremental cost of new expansion is expected to be Rs. 2 million. Taxes would be $35 \%$ as previous year. Rasel currently has Rs. 36 million $8 \%$ coupon bonds that will mature to its Rs. 1000 par value in 12 years. Yield to maturity of this bond is $15 \%$. Company's sales contribution is $40 \%$. Over the last five years, the average beta for the company and its return on investment has been 1.20 and $18 \%$ respectively. The average risk-free rate of return is $9 \%$. In financing decisions, Rasel uses $40 \%$ debt and $60 \%$ equity. The company just paid Rs. 20 per share as dividend for the last year.

After implementing new expansion, it is expected to yield an incremental return. And, hence the Company is considering a payment of dividend with $3 \%$ increment continuously. Currently the Company shares are traded at Rs. 125 per share. However, the company's equipments are depreciated on straight line basis at the rate of $20 \%$ per year and it is consistent with the statutory corporate capital allowances.

## You are required to:

(a) Estimate the value of $8 \%$ coupon bond.
(b) Determine the cost of capital of the company after implementing new expansion.
(c) Calculate theoretical price of equity and comment on that.
(d) Ascertain the net profit that would be generated through new expansion.
(e) Estimate at least two ratios of each of profitability, and liquidity positions of the company and comment.
(08 Marks)
(f) Comment on the cost of capital and the profitability of the new investment of the company.
(04 Marks)
State any assumptions that you made.
End of Part I

## Part II

Answer any three (3) questions

## Question No. 02 (20 Marks)

(a) Current one year spot rate and expected one year T-bond rates over the following three years (i.e., $2,3,4$, respectively) are as follows:

Current One-year bond rate, $\mathrm{R}=1.94 \%$
$E(r 2)=3 \%, E(r 3)=3.74 \%, E(r 4)=4.10 \%$
Using the unbiased expectation theory, estimate current rates for one-,two-three-,and four-year maturity Treasury securities.
(04 Marks)
(b) A 2-year, Rs.1,000/- bond with a $6 \%$ coupon, paid semi-annually, given a current market price of Rs.1,030/-. What is the YTM of this bond?
(04 Marks)
(c) If the real rate is $3 \%$ and the nominal rate is $5.5 \%$, what is the approximate expected future inflation rate?
(04 Marks)
(d) What is the price of a Rs. $1,000,000 /-$ T-bill with 80 days to maturity and a BEY of $4.5 \%$ ?
(04 Marks)
(e) What is the yield on a Rs.100,000/- T-bill with 180 days to maturity and a market price of Rs.98,200/-?
(04 Marks) (Total 20 Marks)

## Question No. 03 (20 Marks)

(a) Falcon, a family-controlled company, is considering raising additional funds to modernize its factory. The Scheme is expected to cost Rs. 2.34 million and will increase annual profits before interest and tax from $1^{\text {st }}$ January 2013 by Rs. 0.6 million. A summarized balance sheet and profit and loss account are shown below. Currently the share price is Rs. 2.00/-.

|  | Rs. Million | Rs. Million |
| :---: | :---: | :---: |
| Fixes assets (net) |  | 1.4 |
| Current Assets |  |  |
| Stock 2.4 |  |  |
| Debtors 2.2 | 4.6 |  |
| Creditors: Amounts due within one year |  |  |
| Creditors 2.7 |  |  |
| Corporate Tax 0.6 |  |  |
| Proposed final dividends 0.2 | (3.5) | 1.1 |
|  |  | 2.5 |
| Capital and Reserve |  |  |
| Called up share capital, 25 cents per ordinary share |  | 1.0 |
| Profit and Loss account |  | 1.5 |
|  |  | 2.5 |

Profit and Loss accounts for the year ended 31 ${ }^{\text {st }}$ July 2012

|  | Rs. Million |
| :--- | ---: |
| Sales | $\underline{11.2}$ |
|  |  |
| Profit on ordinary activities before tax | 1.2 |
| Taxation | $(0.6)$ |
| Profit on ordinary activities after tax | 0.6 |
| Dividends (net) | $\underline{(0.3)}$ |
| Retained profit for the financial year | $\underline{\underline{0.3}}$ |

Two schemes have been suggested. First, 1.3 million shares could be issued at Rs. 1.80/- (net of issue costs). Second, six city institutions have offered to buy debentures from the company totaling Rs. 2.34 million. Interest would be at the rate of $13 \%$ per annum and capital repayments of equal annual installments of Rs. 234,000 starting on 1 August 2015 would be required.

Assume corporate tax rate is $50 \%$.

## You are required to:

(i) Compute the earnings per share for the proposed year under the debt and the equity alternatives.
(04 Marks)
(ii) Compute the level of profits before debenture interest and tax at which the earnings per share will be equal under the two schemes.
(04 Marks)
(iii) Discuss the considerations the directors should take into account before deciding upon debt or equity finance.
(04 Marks)
(b) You have invested half of your money in a media company, MC, and the other half invested in a consumer product company, CPC. The expected returns and standard deviations on the two investments are summarized below:

MC CPC
Expected Return 14\% 18\%
Standard Deviation 25\% 40\%
Estimate the variance of the portfolio as a function of the correlation coefficient (Start with -1 and increase the correlation to +1 in 0.2 increments).
(08 Marks)
(a) You are required to verify that a valuation done on an established company by a well-known analyst has estimated a value of Rs. 75 million, based upon the expected free cash flow next year, of Rs. 3 million, and with an expected growth rate of $5 \%$. You found that, he has made the mistake of using the book values of debt and equity in his calculation. While you do not know the book value weights he used, you have been provided following information:
(i) Company has a cost of equity of $12 \%$.
(ii) After-tax cost of debt of $6 \%$.
(iii) The market value of equity is three times the book value of equity, while the market value of debt is equal to the book value of debt.
(10 Marks)
(b) You are required to estimate the correct value of company. RTS Company has a capital of Rs.1,000,000/- in equity shares of Rs.100/- each. The shares are currently quoted at par. The company proposes to declare a dividend of Rs.10/- per share at the end of the current financial year. The capitalization rate for the risk class of which the company belongs is $12 \%$.
(i) What will be the market price of the share at the end of the year, if a dividend is not declared?
(03 Marks)
(ii) What will be the market price of the share at the end of the year, if a dividend is declared?
(03 Marks)
(iii) Assuming that the company pays the dividend and has net profits of Rs.500,000/- and makes new investments of Rs. $1,000,000 /-$ during the period, how many new shares must be issued? Use the MM model.
(04 Marks)
(Total 20 Marks)

## Question No. 05 (20 Marks)

(a) (i) The rate of inflation in USA is likely to be 3\% per annum and in Sri Lanka it is likely to be $6.5 \%$. The current spot rate of US \$ in Sri Lanka is Rs.120/-. Find the expected rate of US \$ in Sri Lanka after one year and 3 years from now using purchasing power parity theory.
(04 Marks)
(ii) On April $1^{\text {st }}, 3$ months interest rate in the UK $£$ and US $\$$ are $7.5 \%$ and $3.5 \%$ per annum respectively. The UK $£ /$ US $\$$ spot rate is 0.7570 . What would be the forward rate for US $\$$ for delivery on $30^{\text {th }}$ June.
(04 Marks)
(b) Creation Ltd. is considering acquiring Nawya. Ltd., the following information is available:

| Company | Profit after tax <br> (Rs.) | Number of Equity <br> shares | Market value per <br> share (Rs.) |
| :--- | :---: | :---: | :---: |
| Creation Ltd. | $5,000,000$ | $1,000,000$ | 200 |
| Nawya Ltd. | $1,500,000$ | 250,000 | 160 |

Exchange of equity shares for acquisition is based on current market value as above. There is no synergy advantage available:

Find the earning per share for company Creation Ltd. after merger.
Find the exchange ratio so that shareholders of Nawya. Ltd. would not be at a loss.

## Present value table

Present value of 1.00 unit of currency, that is $(1+r)^{-n}$ where $r=$ interest rate; $n=$ number of periods until payment or receipt.

| Periods $(n)$ | Interest rates $(r)$ |  |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | $1 \%$ | $2 \%$ | $3 \%$ | $4 \%$ | $5 \%$ | $6 \%$ | $7 \%$ | $8 \%$ | $9 \%$ | $10 \%$ |  |
| 1 | 0.990 | 0.980 | 0.971 | 0.962 | 0.952 | 0.943 | 0.935 | 0.926 | 0.917 | 0.909 |  |
| 2 | 0.980 | 0.961 | 0.943 | 0.925 | 0.907 | 0.890 | 0.873 | 0.857 | 0.842 | 0.826 |  |
| 3 | 0.971 | 0.942 | 0.915 | 0.889 | 0.864 | 0.840 | 0.816 | 0.794 | 0.772 | 0.751 |  |
| 4 | 0.961 | 0.924 | 0.888 | 0.855 | 0.823 | 0.792 | 0.763 | 0.735 | 0.708 | 0.683 |  |
| 5 | 0.951 | 0.906 | 0.863 | 0.822 | 0.784 | 0.747 | 0.713 | 0.681 | 0.650 | 0.621 |  |
| 6 | 0.942 | 0.888 | 0.837 | 0.790 | 0.746 | 0705 | 0.666 | 0.630 | 0.596 | 0.564 |  |
| 7 | 0.933 | 0.871 | 0.813 | 0.760 | 0.711 | 0.665 | 0.623 | 0.583 | 0.547 | 0.513 |  |
