

# EQUIPPING FUTURE ACCOUNTANTS

Annual Report 2023

Institute of Certified Management  
Accountants of Sri Lanka

## **CMA Sri Lanka – Annual Report 2023**

### **Theme: Equipping Future Accountants**

#### **Cover Story:**

As the world undergoes rapid transformation, the role of management accountants has evolved far beyond traditional boundaries. The demands of the digital economy, the increasing emphasis on sustainability, and the need for value-driven decision-making have reshaped the business landscape. Recognizing these shifts, CMA Sri Lanka is committed to equipping tomorrow's accountants with the skills and tools they need to thrive in this dynamic environment.

On our journey to becoming the preferred choice in management accounting education, CMA's mission remains unwavering: to develop management accounting professionals who are innovative, ethically grounded, socially responsible, and focused on sustainable value creation. Guided by our core values, we are shaping the future generation of accountants who will confidently lead their organizations through tomorrow's challenges.

At CMA, we are not just preparing accountants; we are creating future-ready, digitally empowered, solution-savvy and value-driven professionals, poised to lead with purpose, innovation, and integrity.

**Vision:** CMA, the Preferred Choice

**VISION**

**Mission:** To train and develop Management Accounting Professionals who are innovative, ethically and socially responsible, and contribute towards sustainable value creation.

**VALUES**

**MISSION**

**Values**

- Adaptability and Innovation
- Excellence in Everything we do
- Embrace of Diversity
- Openness, Honesty, and Transparency
- Professionalism
- Supportive and Responsive
- Trust and Integrity

## Principal Objectives

- Provide a professional organisation for Management Accountants.
- Develop and promote the study of Management Accountancy.
- To register, educate and train any person wishing to become a member of the Institute.
- Establish and issue management accountancy standards, encourage the application of correct principles, techniques and practices of management accountancy.
- Take necessary steps to promote the profession of management accountancy in its practice to industry, commerce, education, finance and public service and IT.
- Conduct a certified management accountancy program leading to a professional management accounting qualification; encourage the publication of books and periodicals; maintain libraries; conduct examinations; undertake and regulate professional education and three year period of industrial practical training.

## ABOUT OUR REPORT

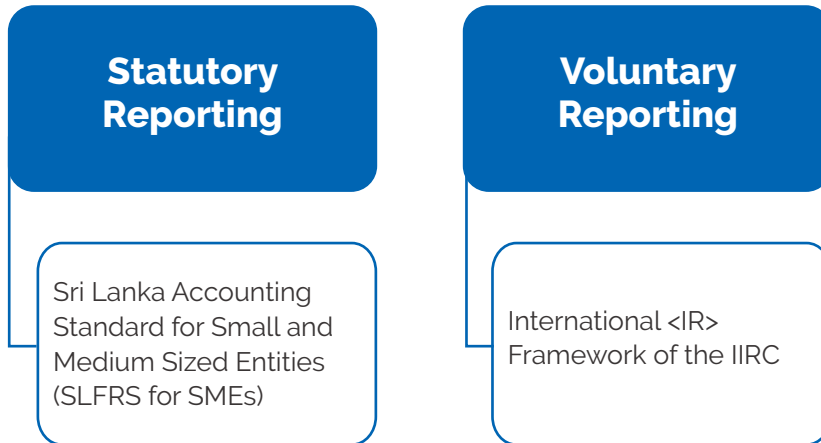

We are pleased to present the 2023 Annual Integrated Report of the Institute of Certified Management Accountants of Sri Lanka (CMA), prepared in line with the <IR> framework established by the International Integrated Reporting Council. In this report, we aim to clearly articulate how CMA's strategy, governance, performance, and future outlook—considering the external environment—have contributed to the creation, preservation, or erosion of value over the past year

### Scope and Boundary

This Report covers CMA's operations for the period from 1st January 2023 to 31st December 2023. Material events occurring from that date up to the date of the Governing Council's sign off on 11th September 2024 are also included. Both financial and non-financial information presented are limited to CMA and comply with the reporting requirements of the relevant regulatory bodies.

### Reporting Principles

This report was prepared in adherence to the following mandatory and voluntary reporting frameworks:

### Assurance

The financial statements of CMA have been audited by Messrs. KPMG, Chartered Accountants.

### Feedback

Your comments and questions are important to improve our Integrated Report. Please direct your feedback to Ms. Dhushianthy Nallathamby on 0772394029.

## WHO WE ARE

CMA serves as Sri Lanka's national body for professional management accounting. Originally founded in 1999 as the Society of Certified Management Accountants of Sri Lanka, the organization was established by Professor Lakshman R Watawala, a former president of the Institute of Chartered Accountants of Sri Lanka and the founder of AAT Sri Lanka. CMA was officially launched as a professional body on 3rd June 2000 with technical support from CMA Canada (now CPA Canada) and the financial backing of the Canadian International Development Agency (CIDA). In 2009, it was incorporated by Act of Parliament No. 23 of 2009 and renamed as the Institute of Certified Management Accountants of Sri Lanka.

### The CMA Professional Qualification

Upon successful completion, the CMA program awards candidates a professional qualification in strategic management accounting. The program is structured around a four-tier examination process, encompassing the Certificate, Operational, Managerial and Strategic levels with Integrated case study being the capstone of the programme. Along with passing these levels, candidates must also complete a three-year period of industrial training to be eligible for associate membership (ACMA).

### Our Reach

Our program is offered by a network of 30 accredited educational providers. In line with our commitment to inclusivity, these providers are located across the island while the at the first two levels, the CMA program is offered in Sinhala, Tamil, and English, with the remaining levels conducted in English.

### International Memberships

CMA is a member of the International Federation of Accountants (IFAC), the South Asian Federation of Accountants (SAFA), and the Confederation of Asian and Pacific Accountants (CAPA).

### Local/Global Collaborations

The CMA professional qualification is widely recognized by numerous local and international accounting bodies, universities, and educational institutions. This recognition allows CMA students and members to enjoy global mobility and access a broad spectrum of professional and educational opportunities.

### Continuing Professional Development

The annual calendar of events includes the CMA annual conference and sessions on current and emerging topics relevant to the profession, providing valuable opportunities for networking and skill enhancement. Members are also encouraged to participate in CMA committees, contributing their expertise and insights to advance the organization and the profession.

## MEMBERSHIPS

### Members

2,319

## GOVERNANCE AND LEADERSHIP

### Message from the Founder President

Sri Lanka welcomed 2023 after enduring prolonged socioeconomic shocks over the previous three years, and facing the impacts of soaring inflation, rising interest rates, unemployment, and the financial crisis of 2022. These conditions, along with unpredictable policies and escalating operational costs, created significant challenges for the economy. These pressures are likely to persist into 2024, demanding ongoing, careful management to ensure long-term economic stability.

In 2023, the government and the Central Bank of Sri Lanka extended the stabilisation measures introduced in 2022, including stricter monetary controls, increased taxation to address the budget deficit, and adjustments to energy prices to manage subsidies. The critical fuel shortages of 2022 were also brought under control. While these measures imposed short-term difficulties, they were effective in reducing inflation, improving foreign exchange reserves, and alleviating fiscal and external pressures, helping to stabilize the economy.

In March 2023, Sri Lanka reached agreement with the International Monetary Fund on a USD 3 Billion Extended Fund Facility (EFF) over a period of 48 months to support the government's structural reform programme providing the government a much-needed lifeline towards recovery. The conditions therein necessitated increasing taxes to enhance revenue and cost reflective utility pricing removing subsidies, state-owned enterprises reform to avoid losses and improve management, improve fiscal governance and restore macroeconomic stability. The first tranche of funding under this facility amounting to approximately \$333 million, was released shortly thereafter.

#### Our Performance

CMA delivered a satisfactory performance in 2023 despite external challenges. The uncertainty of the period in the conduct of the O/L and A/L exams and results also had an impact on the student registrations. We increased member numbers by 5% while our student population grew by 7%. In terms of financial performance, total income increased by 9.06% to Rs. 132.4 million, driven by stable registration and

examination fees, alongside a notable 94% surge in interest income from high-yield fixed deposits. Expenses grew by 7.8% to Rs. 102.8 million, due primarily to a 22.5% rise in staff costs, while administrative costs slightly decreased. Consequently, the surplus before tax rose by 13.85% to Rs. 29.6 million, reflecting sound operational efficiency.

The organization's financial position strengthened with a 12.1% growth in total assets, reaching Rs. 230.3 million. Cash from operations was strategically reinvested, boosting short-term investments by 10.75%. Liabilities decreased, particularly current liabilities, which dropped by 10%, contributing to a healthy financial outlook. However, net cashflows from operating and investing activities saw significant declines of 55% and 64%, respectively, leaving a reduced net cashflow of Rs. 0.5 million by year-end.

#### New syllabus 2023-2027

With the introduction of our new syllabus titled "Equipping Future Accountants" this year, CMA embraced a forward-thinking approach in redefining our qualification structure to meet the demands of an evolving business landscape. The new syllabus, details of which can be found elsewhere in this report, is structured to equip accountants for the future, and is designed to address both present and emerging industry needs.

This updated qualification framework incorporates a comprehensive range of subjects aligned with global and local business demands. Through modern and relevant coursework, alongside our rigorous examination process, combined with the skill programmes in technology and communication, we aim to create professionals who are agile, skilled, and capable of thriving in leadership and management roles across industries. Thus our clear value proposition is that we produce accountants who not only meet the technical requirements of the profession but also exhibit strategic leadership and decision-making abilities.

The accountant of the new age must navigate and reap the benefits of the new technologies available to them; that's why we embed AI, data analytics, and digital transformation within our curriculum. In parallel, ethics and professionalism remain core pillars, ensuring that our graduates are not only equipped with technical and digital skills but also uphold the highest standards of ethical practice.

#### The AI Disruption

I must address the important aspect of Artificial Intelligence and the inevitable disruption it is causing within the accounting profession. On one hand, the growing integration of AI in accounting threatens traditional roles, particularly in developing regions like Asia, where swift technological adoption can reshape entire economies. However, it is my

belief that this is an opportunity for accountants to shift their focus towards strategic advisory and analytical roles, which are vital to businesses.

We should not fear AI. Its strength lies in automating routine tasks, which can, in turn, enhance productivity. Accountants will continue to add value through their business acumen, especially by prioritizing ethical leadership in governance and regulatory compliance, where AI's capabilities fall short. Moreover, accounting professionals should leverage their emotional intelligence and relationship-building skills in client-facing roles, offering financial wellness advice alongside traditional services. Expertise in local tax regulations will also remain indispensable as businesses navigate increasingly complex tax landscapes.

To adapt to these changes, continuous learning—especially in AI and data analytics—is essential. Accountants must work closely with educational and professional bodies to ensure that future professionals are proficient in AI and digital tools.

### Creating Value

CMA Sri Lanka's value creation strategy is a comprehensive effort to shape the future of management accountancy by focusing on membership development, education, and professional training. Through rigorous professional examinations, we ensure that members uphold the highest standards in cost and management accountancy. This commitment to excellence is complemented by initiatives aimed at building a strong CMA brand and enhancing both physical and digital infrastructure.

Our flagship event, the 19th CMA National Management Accounting Conference was held in September 2023. It explored the theme "Sustainability and Value Creation in an Economic Turmoil," attracting key speakers such as the Governor of the Central Bank, Dr. P. Nandalal Weerasinghe, and President's Counsel, Sarath Jayamanne. The conference addressed vital topics, such as Domestic Debt Optimization, AI, cost management and combatting corruption, and served as a significant forum for the exchange of knowledge and ideas in accounting, sustainability, and governance.

In October, CMA hosted the 9th CMA Excellence in Integrated Reporting Awards, which has grown to be a prestigious event recognizing organizations committed to transparency and value creation. This year, 53 companies participated, with Diesel & Motor Engineering PLC and Softlogic Life PLC jointly securing the top honor.

Further notable events include the COVID-19 SME Development Conference to celebrate United – Nations MSME Day on 27th June, focusing on the resurgence of micro, small, and medium enterprises with the participation of 10 commercial banks. The CMA's Founder's Day Oration delivered by Mr Supun Weerasinghe Managing Director/CEO Dialog Axiata, highlighting strategic management in turbulent times. CMA also recognized outstanding accounting professionals at its Business Excellence Awards and continued its mission to expand the CMA brand through various educational initiatives, exhibitions, and member events.

As always, the CMA calendar included a series of Continuing Professional Development (CPD) programmes, on current topics of debt restructuring, debt sustainability and taxation most of which were free of charge for members, corporates and students. The 23 programmes conducted during the year included 13 webinars and 10 short courses organized by the CMA Business School. These events were well-attended and carefully designed to address current knowledge needs, receiving positive feedback from participants.

### IFAC President visits Sri Lanka

We were honoured to host Ms. Asmâa Resmouki, President of the International Federation of Accountants (IFAC), the the global organization for the accountancy profession with 180 members and associates in 135 jurisdictions, representing more than 3 million accountants in public practice, education, government service, industry, and commerce. Ms Resmouki was in Sri Lanka in October on our invitation to be Chief Guest at the CMA Excellence in Integrated Reporting Awards 2023. During the visit, she visited our Head Office for a networking event with CMA students with the participation of CMA governing council members and management. The gathering had an engaging session while interacting with IFAC President Ms. Resmouki on the accounting profession and the role of students. She also felicitated some of the outstanding students at this function.

### International Partnerships

Through global recognition and accreditation by prominent accounting bodies such as IFAC, CAPA, and SAFA, and member pathway agreements with professional accounting bodies such as ACCA UK and CPA Australia, we ensure that CMA professionals remain global, competitive and relevant in their careers. Our strong affiliations with these international bodies provide our members with valuable global exposure and opportunities. Additionally, our partnership with Pearson Vue, a renowned computer based global examination provider, allows us to streamline our examination process by conducting it 4 times a year, further enhancing the credibility of our qualification. CMA is represented on the Board of Directors of the South Asian Federation of Accountants (SAFA) and we also encourage our members and students to be actively involved in SAFA initiatives, contributing to regional accounting development and strengthening their professional networks across South Asia. Conduct of the International Students Conference in Sri Lanka also had participation from students of our member bodies.

### Being Inclusive

Our initiatives also focus on social responsibility and inclusivity. We provide scholarships to candidates from underrepresented backgrounds, those with excellent results at the A/L ensuring that a career in accounting is accessible to all, regardless of their circumstances. We provide a professional qualification at an affordable price and believe that diversity strengthens our profession and contributes to a more inclusive and responsible business environment.

## The Way Ahead

We see clear potential to grow our student base and increase enrollments in the CMA program. To support this, we have several initiatives in place. One of the key efforts is strengthening our relationships with education partners who offer the CMA program. Given the limited university placements available in Sri Lanka for those completing their A/L examination, the CMA is positioned as an affordable, local qualification with pathways to international opportunities, making it an appealing option. We also support university undergraduates and graduates to obtain a professional qualification enabling them to fit into the private sector and progress in their career.

Upon completing the CMA program, our students are job-ready. We focus on producing accounting professionals who are both academically qualified and practically trained, addressing the needs of the private and public sector. Through a combination of academic learning and practical experience, including internships and real-world applications, our professionals possess the skills employers seek. This ensures they are well-prepared for the workforce and able to transition smoothly into their careers.

## Celebrating 25 years

Next year, we celebrate 25 years since the establishment of CMA in 1999 with the technical assistance from CMA Canada currently CPA Canada and financial assistance from the Canadian Government, which was subsequently recognized by the government with the incorporation by an Act of Parliament in 2009. This milestone reflects a significant period of growth and achievement for the institution. Over the years, many CMA professionals with designation ACMA and FCMA have gone on to excel in the corporate sector, holding key positions and making notable contributions to their organisations and industries. To commemorate this milestone, we will host a series of special events throughout the year to honour the journey we have taken thus far and to reaffirm our commitment to shaping the next generation of leaders in cost & management accounting and finance.

## Appreciations

I would like to express my sincere gratitude to the members of the Governing Council for their invaluable support and contributions throughout the year. Their efforts, along with the dedication of our management and staff, consultants who have been instrumental in ensuring that CMA remains a self-sustaining institution, committed to excellence in all its operations.

I wish to extend my sincere thanks to the eminent professionals and resource persons who have readily supported our programmes throughout the year. The high quality of the CMA Calendar of events is a direct result of their valuable contributions, and my team and I deeply appreciate your ongoing support.

I want to thank our members and students for their continued trust in the CMA qualification, especially through the challenges of recent years. We remain committed to providing you with the highest standards of education and professional training, ensuring you are fully equipped to achieve your aspirations in management accountancy.

**Prof. Lakshman R. Watawala**  
FCA, FCMA, FCMA (UK), CGMA, FCPM..

## REPORT OF THE GOVERNING COUNCIL

Despite ongoing economic challenges in Sri Lanka, CMA demonstrated a commendable performance in 2023. Revenue for the year saw a year-on-year increase of 9%, reaching Rs. 132.4 million, while costs rose by 7.7%, totaling Rs. 102.8 million. As a result, the pre-tax surplus stood at Rs. 29.7 million, with a post-tax surplus amounting to Rs. 25.9 million.

Throughout the year, the institute hosted a wide range of events aimed at engaging members and students while promoting professional development. Our Continuing Professional Development (CPD) webinar series and in-person events continued to attract strong participation, generating enthusiastic feedback from attendees.

The Business School, launched last year, has also garnered a positive reception, not only from our members and students but also from the broader public seeking to enhance their knowledge in tax, data analytics and integrated reporting. Furthermore, the Speechcraft Programme proved to be a highlight, with participants showing great interest and actively taking part in this highly engaging initiative.

The 19th CMA National Management Accounting Conference focused on "Sustainability and Value Creation in Economic Turmoil." Keynote speaker Dr. P. Nandalal Weerasinghe discussed Domestic Debt Optimization (DDO), while guest of honour Mr. Sagala Rathnayake addressed recovery strategies. The event featured four expert-led sessions on sustainable value creation and combating corruption, and drew strong participation.

We hosted the 9th Annual Excellence in Integrated Reporting Awards, celebrating the most outstanding report preparers in corporate Sri Lanka. It has been a pleasure to witness the remarkable progress in the quality of reports over the past nine years, reflecting the positive impact this award has had on elevating reporting standards.

CMA is committed to making its qualifications affordable and accessible across Sri Lanka, ensuring that anyone with the ambition can join the accounting profession. By offering qualifications that are both cost-effective and globally recognised, CMA opens the door for aspiring accountants to become part of a respected and internationally acknowledged community.

CMA-qualified professionals are well-represented in various sectors, including government, private enterprises, state-owned organisations, exports, banking, and financial services. Their expertise in Strategic Cost and Management Accounting contributes significantly to enhancing value and efficiency within these industries.

As a self-sustaining, non-profit organisation, CMA places great importance on the long-term sustainability of its operations. This principle is embedded in every decision, from strategic choices to the positive impact the institute strives to have on society.

KPMG (Chartered Accountants) conducted the audit of CMA's financial statements for the year ending 31st December 2023. The auditor's report, along with the full financial statements, is included in this annual report.

## GOVERNING COUNCIL 2023/2025

The new CMA Governing Council for 2023-2025, was installed by Founder President Prof. Lakshman R. Watawala at the Founder's Day Oration. The new Council was nominated/elected on 03, May 2023 – the sixth election to the Council since the incorporation of CMA by an Act of Parliament in 2009.

CMA Sri Lanka Governing Council 2023/2025

## CORPORATE GOVERNANCE

CMA Sri Lanka is governed by a Governing Council consisting of eight members. Among them, the President, Vice President, and three additional members are elected by the CMA membership. The remaining three positions are held by the Governor of the Central Bank or their nominee, the President of the Institute of Chartered Accountants of Sri Lanka or their nominee, and the Head of the Department of Accounting at the University of Sri Jayawardenapura or their nominee. The Governing Council is further supported by an Advisory Council.

CMA's various activities are overseen by specialized committees appointed by the Governing Council. Each committee is led by a member of the Governing Council, with additional members volunteering from the broader CMA membership.

The day-to-day operations of CMA are managed by a dedicated management team, that ensures a smooth and efficient functioning and service delivery.

Committees	Chairperson

## STRATEGY

The CMA strategy for the year was governed by CMA's Strategic Corporate Plan for 2022-2026 launched last year.

The Strategic Corporate Plan outlines our vision to become the Centre of Excellence in Management Accountancy Education. The Plan was developed through an extensive process involving in-depth stakeholder consultations and a thorough SWOT analysis, which identified six key thrust areas that now shape the plan. These are:

- Education, Training, and Development
- Assessments and Professional Examinations
- Membership and Membership Development
- Standards on Cost and Management Accounting
- Brand Building
- CMA – Centre of Excellence

We will continue to periodically assess the strategies outlined in the plan to ensure their effectiveness in light of the external challenges impacting both our country and the profession.

### RISK MANAGEMENT

This report highlights the key risks faced by CMA and the mitigation strategies we have pursued in light of the rapid changes in the professional education landscape. CMA continues to adapt its risk management framework to safeguard its operations, enhance student and member support, and maintain the global relevance of its qualifications.

Key Risk	Risk	Mitigation Strategy
<b>Strategic Risks</b>		
Supporting Students' Progression	Challenges in ensuring student progression and employability, especially in the face of dynamic syllabus updates and corporate expectations	Regular progress reviews with educational providers to ensure alignment with syllabus. Monitor student progression. Strategic partnerships with corporate and public sectors for mandatory training. Maintain a job bank to improve employability for both students and members.
Retaining the Value of the CMA Credential	The CMA credential may lose its perceived value if not consistently updated and promoted	CPD programs to update members skills and knowledge. Thought leadership initiatives Opportunities for participation in CMA committees to support professional growth. Strengthen recognition of the CMA credential through global partnerships, improving members' mobility and career opportunities.
Educational Strategy Alignment	Misalignment between the syllabus and evolving global standards in management accountancy may undermine the credibility of the qualification.	Regular syllabus revisions every five years to meet IFAC requirements, with interim updates to maintain relevance. Steering educational strategy via a dedicated Education and Training Committee, supported by external consultants.

Relevance of the Profession	The growing preference for short-term courses and qualifications for migration could lead to a decline in long-term professional registrations.	CMA promotes the long-term value of accountancy and enhances global mobility through international collaborations and partnerships.
<b>Operational Risks</b>		
Digital Transformation	Lagging digital infrastructure could hamper student services, and there are increasing risks associated with cybersecurity threats.	Expansion of e-learning platforms and digitization of member services, with future plans to fully digitize student and exam services. Development of an IT governance framework to mitigate cybersecurity risks and enhance overall digital resilience.
Employee Attrition	Rising migration trends may result in high employee turnover, negatively impacting organizational operations	Implement competitive remuneration, ongoing training, and engagement activities to retain talent.
Technological Disruptions	Failure to update technological infrastructure could hinder the delivery of exams and digital student services	Implement a comprehensive IT upgrade strategy, focusing on automation and student experience improvement, while bolstering cybersecurity protocols.
<b>Financial Risks</b>		
Economic Challenges	Economic pressures may cause students to delay their studies, reducing enrollment and revenue.	Provide online learning facilities and recorded lectures at affordable prices to ease the financial burden on students.
Currency Fluctuations	Global currency fluctuations may impact the organization's financial performance	Build financial reserves to protect against volatility.
<b>Reputational Risks</b>		
Ethical and Compliance Failures	Failure to maintain ethical standards or comply with global regulations could damage the organization's reputation.	Enforce strict ethical standards for students and members, alongside a robust compliance framework aligned with global regulations.
<b>Regulatory Risks</b>		
Changes in Professional Standards	Regulatory changes in various countries may affect the recognition and value of certifications.	Engage with regulatory bodies worldwide and regularly update qualifications to align with legal and industry standards.

### Our approach to risk mitigation:

CMA is committed to addressing the key risks identified in this report through comprehensive mitigation strategies. Our proactive approach includes –

- **Continuous Monitoring:** Regular risk assessments to identify emerging threats and ensure timely intervention.
- **Partnerships:** Strengthening collaborations with external stakeholders, including regulators, employers, and educational institutions, to mitigate industry-specific risks.

- **Training and Development:** Ongoing staff and member training programs to ensure adherence to risk management protocols.
- **Crisis Management:** Developing comprehensive crisis management plans to respond swiftly to potential disruptions.

By fostering adaptability, enhancing global relevance, and promoting continuous professional development, CMA will continue to meet the needs of its students, members, and stakeholders.

## Operating Context

In the first half of 2023, Sri Lanka's economy began to show tentative signs of modest stabilization. Key reforms such as adjusting utility prices to reflect actual costs, adopting new revenue measures, introducing a floating exchange rate, and enforcing stricter monetary policies were central to this stabilization. By July, inflation had fallen to single digits for the first time in 19 months.

The tighter economic policies and lower demand contributed to a sharp 7.9% year-on-year contraction in real GDP for the first half of 2023, reflecting ongoing external trade challenges. The third quarter of 2023 recorded a 1.6% year-on-year expansion, the first signs of growth after six consecutive quarters of decline.

Despite a drop in the primary deficit during the first four months of 2023 compared to the previous year, rising interest payments kept the overall fiscal deficit elevated. Reserves improved due to a mix of factors such as stronger trade, a recovery in tourism and remittances, and financial assistance from development partners, while several import restrictions remained in force and external debt repayments were suspended.

Increased personal and corporate taxes, VAT hikes, import duties, and the introduction of the Social Security Levy put pressure on consumption and corporate profitability, tempering the broader economic recovery. In March 2023, the IMF approved a US\$2.9 billion Extended Fund Facility to be disbursed over 48 months; the IMF facility, which came with strict conditions, helped unlock development funding from institutions such as the World Bank and Asian Development Bank. Debt restructuring talks with China, India, and the Paris Club were also in progress as the year closed.

## Higher Education Landscape

Sri Lanka's higher education sector is characterized by a blend of state and private institutions. The state system includes 38 universities overseen by the University Grants Commission, along with various other universities and institutes governed by different ministries. On the private side, higher education is delivered through a range of degree-awarding institutions, cross-border entities affiliated with international universities, and private institutions such as CMA. These private institutions, established under Acts of Parliament, operate on a

not-for-profit basis and receive support from the state. They offer students specialized training and professional certifications that cater to industry-specific needs.

The state university system accommodates only about one-fifth of students eligible for entry after their Advanced Level examinations, a long-standing limitation that has driven significant demand for alternative higher education options. Institutions like CMA have stepped in to fill this gap, offering students a pathway to obtain a professional qualification that is highly regarded by employers. Furthermore, the global recognition of the CMA qualification by international professional bodies and educational institutions enhances the mobility and career prospects of our students and members, making it a valuable asset both locally and internationally.

Technical and Vocational Education and Training (TVET) has also gained significant popularity. By the end of 2022, there were 1,136 registered providers of vocational and technical training across the country, with 117,954 students obtaining National Vocational Qualifications (NVQ) that same year. This reflects the growing demand for practical, skills-based education to meet the needs of various industries.

As job markets evolve, new opportunities and challenges continue to emerge. One significant challenge is the digital literacy gap, while there is also a growing demand for skills like creativity, adaptability, problem-solving, and resilience, alongside technical expertise and certifications. The key challenge for educational institutions is to ensure their curricula address these evolving needs. CMA, for example, has responded by placing a strong emphasis on developing essential soft skills, such as communication and collaboration, to better equip students to succeed in the modern workforce.

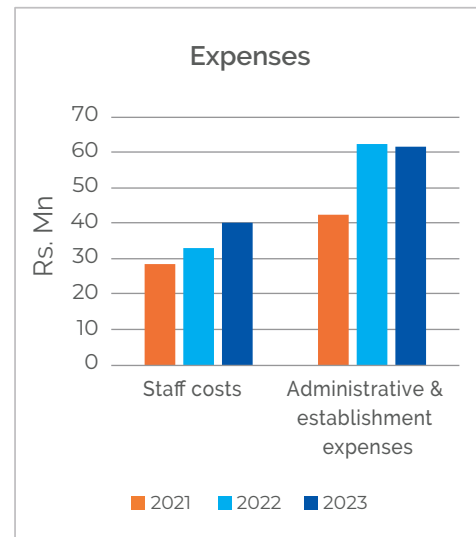

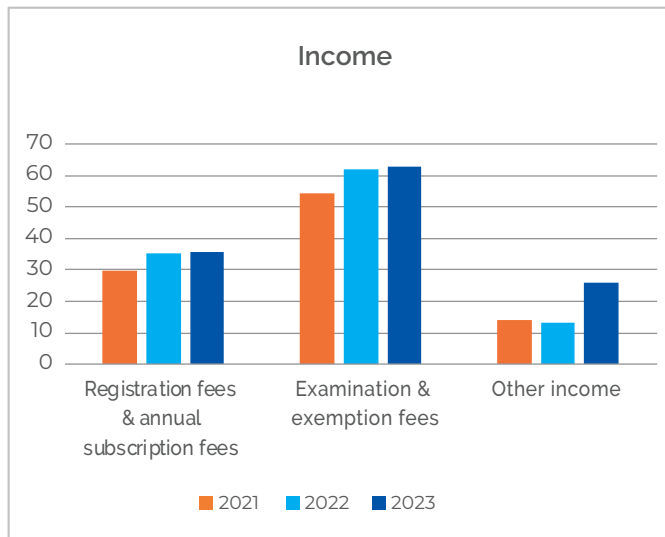

## Financial Performance

CMA recorded a satisfactory performance during the year, given the external circumstances of the period. In 2023, our income grew by 9.1% to Rs 132.4 million while costs increased by 7.7% to Rs. 102.8 million. The surplus before tax was Rs 29.7 million, a year-on-year gain of 14.2%. Our total assets grew by 12.1% to Rs 230.3 million while total liabilities stood as Rs. 52.2 million as at year end.

### Income

Total income for the year grew by 9.1%, reaching Rs. 132.4 million. Registration fees and annual subscriptions remained stable at Rs. 35.7 million, showing little change from Rs. 35.4 million in 2022. Similarly, examination and exemption fees saw modest growth, rising to Rs. 62.7 million from Rs. 62.1 million the previous year.

A significant boost came from surplus funds invested in high-yield fixed deposits, generating Rs. 26.6 million in interest income, marking a substantial 94% year-on-year increase.

### Expenses

Total expenses for 2023 reached Rs. 102.8 million, marking a 7.7% rise compared to the previous year. Staff costs, which represented 39.2% of total expenses, saw a significant increase of 22.5%, driven by annual increments and bonuses. In contrast, administrative and establishment expenses experienced a slight reduction, decreasing to Rs. 61.7 million from Rs. 62.3 million in the prior year.

We strategically reinvested cash generated from operations into high-yield short-term investments, which grew by 10.8%, closing the year at Rs. 138 million. As a result, total funds rose to Rs. 178 million, up from Rs. 149.8 million in the previous year, with the accumulated fund increasing to Rs. 172 million, driven by the year's surplus.

On the liabilities front, non-current liabilities decreased slightly by 1.3% to Rs. 23.6 million, while current liabilities saw a more significant drop of 10%, closing at Rs. 28.6 million.

### Operational Surplus

CMA recorded a surplus before tax of Rs. 29.7 million, reflecting a 14.2% increase compared to the previous year. The tax expense, primarily from the taxation of interest income, amounted to Rs. 3.7 million, driven by an increase in interest earnings during the year. As a result, the surplus after tax stood at Rs. 25.9 million.

### Cashflows

CMA maintained a positive cashflow position during the year. However, net cashflows from operating activities declined by 55% to Rs. 9.8 million, while net cashflows used in investing activities dropped by 64% to Rs. 7.1 million. By the end of the year, CMA recorded a net cashflow of Rs. 6.6 million, reflecting an 166% increase from Rs. 2.5 million in 2022.

### Financial Position

Total assets saw a 12.1% increase, reaching Rs. 230.3 million, with non-current assets amounting to Rs. 77.1 million and current assets at Rs. 153.1 million.

## VALUE CREATION MODEL

## Value Created for Our Stakeholders

### Members and students

- An internationally recognized professional qualification that equips individuals with skills sought by today's employers, supporting career growth.
- Opportunities for global mobility.
- Access to a wide network of professionals and academics.

### Employees, consultants, and volunteers

- A meaningful and supportive work environment that fosters diversity and promotes employee well-being.

### Training partners, educational institutions and employers

- Strong management accounting functions that drive sustainable business growth.
- Opportunities to collaborate with a well-established brand.

### The Government, regulators and the public

- Development of a robust management accountancy profession in Sri Lanka to support sustainable businesses and economic growth

### National and international accounting organisations

- Building strong partnerships

## STAKEHOLDER ENGAGEMENT

We actively engage with our stakeholders to ensure their insights are integrated into the development and implementation of our strategy. This approach helps align our priorities more closely with theirs. Guided by the principles of transparency, timeliness, clarity, and inclusiveness, we use both formal and informal communication channels to facilitate this engagement.

## VALUE CREATION REPORT

Our approach to creating value is multifaceted, focusing on several key areas that drive our mission forward. We are committed to attracting and developing the next generation of CMA professionals through innovative membership development, education, and training initiatives. Our rigorous professional examinations uphold the highest standards in cost and management accountancy, ensuring our members remain at the forefront of the profession.

We also emphasize the importance of building the CMA brand, and enhancing both physical and digital infrastructure to better serve our stakeholders. Furthermore, we invest in the development of our employees, consultants, and volunteers, recognizing that their growth is essential to the sustainable success of our organization.

Thought leadership

As the national body for management accounting, CMA plays a pivotal role in fostering innovative discussions on industry trends and best practices. Our calendar of thought leadership events is curated to provide a platform for professionals to exchange insights and drive advancements in accounting, management and strategy. These events also offer valuable networking opportunities, enabling peers to connect and collaborate within the industry, strengthening the professional community in Sri Lanka.

Participants

Token of appreciation presented to Dr. Harini Amarasuriya ( MP) By Prof. Lakshman R Watawala, President- CMA, also present Mr Hennayake Bandara, Vice President CMA

## CMA Business Excellence Awards

CMA Business Excellence Awards were presented to ten eminent accounting professionals at the inauguration of the National Management Accounting Conference. This year's recipients recognized for their outstanding contributions to the accounting profession and their exceptional careers were Ms. Jeevani Abeyratne, Mr. Russel Fonseka, Mr. Priyanka Jayatilake, Mr. Janaka Karunaratne, Mr. Kusal Nissanka, Mr. Ruchira Perera, Mr. K. Sivanesan, Mr. Nishtar Sulaiman, Mr. Mohan Thanthirige, and Mr. Supun Weerasinghe, distinguished accounting professionals in Sri Lanka.

CMA Excellence in Integrated Reporting Awards 2023. The CMA Excellence in Integrated Reporting Awards 2023 marked its 9th consecutive year, with the grand finale held on 6th October. The event was honored by the presence of Ms. Asmâa Resmouki, President of the International Federation of Accountants (IFAC), the global authority for the accounting profession.

Since its inception in 2015, the competition has gained significant prominence, drawing an increasing number of entries from both listed and unlisted companies, as well as state-owned enterprises. This year, 53 organizations participated, reflecting the widespread recognition and acceptance of these awards within Sri Lanka's business community.

Sri Lanka remains at the forefront of integrated reporting in the South Asian region. This practice encourages businesses to provide a comprehensive view of how they create, preserve, or erode value over the short, medium,

and long term. The awards recognize the voluntary efforts of both private and public sector organizations in adopting integrated thinking to deliver sustained value to a broad range of stakeholders.

The judging panel, comprised of distinguished local and international experts, was chaired by Prof. Ho Yew Kee, who has led the panel since the competition's inception. The local evaluation panel headed by senior experts ensured a rigorous evaluation process that incorporated the evolving global standards of integrated reporting.

The 2023 competition was proudly supported by the Colombo Stock Exchange, whose ongoing partnership has driven many publicly listed companies to participate and excel. The event also garnered support from the Securities and Exchange Commission of Sri Lanka, further reinforcing the significance of these awards.

This year, the Overall Winner – Gold was jointly awarded to Diesel & Motor Engineering PLC and Softlogic Life PLC. LB Finance PLC secured the overall Silver, while John Keells Holdings PLC won the Bronze. In addition, sector-specific awards, special recognitions, and certificates of merit were presented to outstanding performers across multiple industries.

As CMA Sri Lanka continues to champion integrated reporting, we extend our heartfelt congratulations to all participating organizations, including public, private, state-owned enterprises, and SMEs, for their dedication to transparency, accountability, and value creation.

**COVID19 SME Development Conference**

*Inauguration of UN MSME Conference*

*Technical Session 1 – Role of Banking Sector in Supporting MSME Sector*

*Technical Session 2 – Entrepreneurship to Accelerate Economic Growth and Development*

*Panel Discussion*

*Technical Session 3 – Success Stories of MSME Entrepreneurs (Bank Customers)*

In celebration of the United Nations' Micro, Small and Medium-Sized Enterprises Day, we organised the CMA Sri Lanka COVID 19 SME Development Conference 2023 on the theme 'Resurgence of Micro, Small, and Medium Enterprises and Entrepreneurship Development'. The conference was designed to raise public awareness of the contribution made by micro, small and medium-sized enterprises to sustainable development and the global economy. The event held on 27 June 2023 saw the active participation of commercial banks and their MSME customers.

The conference was inaugurated by the Chief Guest Hon Shehan Semasinghe Acting Minister of Finance. Introductory remarks were delivered by Prof Lakshman R Watawala, who also chairs the CMA Sri Lanka COVID 19 SME Development Committee.

Guest of Honour Acting Director ILO Country Office for Sri Lanka and Maldives Mr. Thomas Kring delivered his address on the 'Significance of United Nations - Micro, Small and Medium-Sized Enterprises (MSME) Day'.

The Keynote Address on 'Sri Lanka Credit Guarantee Institution and its role in supporting MSME Sector' was delivered by Mr. R M P Ratnayake, Deputy Secretary to Treasury and Treasury Representative on NCGI. Guest Speaker CMA Mr. Ramachandran Venkataramani, Director Westcott Electricals Private Limited of Chennai, India spoke on the 'Success of Indian MSME Development Act to promote, facilitate development and competitiveness of Micro, Small and Medium Enterprises (MSMEs)'.

The day-long conference had three technical sessions with the final session seeing nine customers of the participating banks sharing their success stories as MSME Entrepreneurs.

The vote of thanks was delivered by Mr. Bandara Rekogama, Head of Refinance Schemes & Special Lending Products at Hatton National Bank PLC, who is a Committee Member of the CMA Sri Lanka COVID 19 SME Development Committee.

## Founder's Day Oration 2023 'Strategic Management in Turbulent Times'

The CMA Founder's Day Oration was held on 8th June 2023 at the BMICH. The Oration on the theme of 'Strategic Management in Turbulent Times' was delivered by Mr. Supun Weerasinghe, Director/Group Chief Executive Officer, Dialog Axiata PLC. His words resonated deeply, providing invaluable insights and guidance for navigating challenging landscapes. Addresses by Founder President Prof. Lakshman R. Watawala and Vice President Mr. H M Hennayake Bandara both traced the remarkable journey of CMA since inception.

## 11th Volume of CMA Journal

The 11th volume of the CMA Journal was published in July 2023, featuring Ms. Asmaa Rimouski, President of the International Federation of Accountants, on its cover. Ms. Rimouski contributed a key article titled "The Role of the Professional Accountant in Corruption, Accountability, and Transparency." The theme of this edition "Corruption, Accountability, Transparency, and Good Governance" was closely aligned with her article's focus. The journal was officially launched at the CMA Excellence in Integrated Reporting Awards 2023, where Ms. Rimouski served as Guest of Honor.

In addition to Ms. Rimouski's article, the journal featured several other notable contributions. Among them was an insightful piece titled "Fighting National Corruption through Transparency, Accountability, and Good Governance" by President's Counsel Mr. Sarath Jayamanna, who was a Guest Speaker at the CMA National Conference in June 2023. Another key article, "Sustainability Accounting with Social Governance and ESG: Navigating the Complexities of Modern Corporate Responsibility" was penned by Mr. Asela Naranpanawa. With its collection of thought-provoking articles, this edition of the CMA Journal was expected to provide invaluable guidance to management accountants in Sri Lanka, who are leading efforts to foster economic growth and accountability in the aftermath of the country's recent economic challenges, contributing to a brighter future for Sri Lanka.

## Developing the Sri Lanka Cost Accounting Standards

The CMA Standard Board (CASB) is currently developing the Sri Lankan Cost Accounting Standards (CASs). During the year, the Board made substantial progress through several meetings of both the Board and its Technical Committee, resulting in the development and review of key documents that will serve as a precursor to the Standards.

The CASs will act as a vital framework for cost management practices in both the private and public sectors of Sri Lanka. These standards are being modeled on the Indian Cost Accounting Standards, with the patronage of the Indian Institute of Cost Accountants, and guided by the technical expertise of Messrs. AN Raman and M Gopala Krishnan, alongside secretary to the Board Mr. B.M.Premaratne.

Upon finalizing the preliminary documents, the formal preparation of the CASs will begin in earnest next year.

## Student and Member Events

We take pride in fostering a vibrant community through events that celebrate the achievements of students and members. These events not only mark milestones in professional journeys but also offer opportunities for learning, networking, and collaboration. From graduation ceremonies recognizing academic and professional accomplishments to international conferences that discuss the latest trends and innovations in the accounting profession, CMA ensures its students and members are well-prepared for the challenges of the future. With a focus on leadership, technology, and sustainability, these events are integral to CMA's mission of developing skilled, innovative, and socially responsible management accountants. Each event brings the CMA family together, strengthening ties and contributing to the continuous development of the profession.

### 19th Graduation Ceremony 2022

The 19th Graduation Ceremony of CMA Sri Lanka was held on 12th January 2023 at the BMICH in Colombo. Mr. Supun Weerasinghe, Group Chief Executive Officer of Dialog Axiata PLC, was the Chief Guest.

At the event, CMA Sri Lanka conferred membership on 73 Fellow and Associate Management Accountants. Certificates were presented to those attaining the AMA

designation, and awards were presented to students who passed the CMA examinations in November 2021 and May 2022. There were 68 Prize Winners and the Founder President Prof. Lakshman R. Watawala Gold Medal was awarded to Mr. M. T. M. Asik, the most outstanding student at the Final Examinations.

### 20th Graduation Ceremony 2023

The 20th Graduation Ceremony of the CMA was held on 5th December 2023 at the BMICH, Colombo. His Excellency Eric Walsh, Canadian High Commissioner in Sri Lanka, was the Chief Guest at the ceremony, while the keynote address was delivered by Dr. A. D. Nuwan Gunarathne, a Senior Lecturer at the University of Sri Jayewardenepura.

At the graduation, CMA Sri Lanka conferred membership on a total of 112 Fellow and Associate Management

Accountants. Certificates were presented to those who received the AMA designation, 101 Passed Finalists, and 127 CABM qualification holders. Awards were also presented to students who passed the CMA examinations in November 2022 and May 2023. A total of 56 Prize Winners were recognized, and the Founder President Prof. Lakshman R. Watawala Gold Medal was awarded to Mr. M. N. M. Althaf, the most outstanding student at the Final Examinations.

**International Women's Day Celebrations**

Women's Day was celebrated on 08th March under the theme, **'Innovation and Technology for Gender Equality'**. The event was organized by the CMA Sri Lanka Women Development Activities Committee, headed by Committee Chairperson Ms. Darshini Watawala.

The keynote address was delivered by Ms. Annie Mathew, an advocate for a more inclusive and humane tech industry. Ms. Mathew is Director Developer Relations and Digital Natives at Microsoft Asia Pacific, with the mission of empowering. In her home state in India, Ms. Mathew has received the Chief Minister's

recognition for her work with startup ecosystem and has been nominated for the Sthree Shakthi award for women in Science and Technology.

The keynote presentation was followed by a panel discussion, which was moderated by Ms. Chamila Cooray, General Manager -Operations, WNS Global Services (Pvt) Ltd. The panelists were Ms. Pulani Ranasinghe, Founder & CEO, Loons Lab, Dr. Chaminda Ranasinghe, Founder and CEO, Ideahub (Pvt) Ltd and Mr. Conrad Dias, CEO/Managing Director, LOLC Technologies Limited.

**Recognition of contributions towards the development of CMA**

Four founder members and those who have made significant contributions towards the development of CMA were recognized at the Founder's Day Orator. Prof. Lakshman R. Watawala honoured Mr Nandika

Buddhipala, Mr. D Jeevanadan, Mr. Priyantha Punchihewa and Mr. Chandana Samaraweera by presenting them with the CMA History Book 'In the Interest of our Nation'.

*Prof. Lakshman R. Watawala presenting the CMA History book to Mr. Nandika Buddhipala, Mr. D. Jeevanadan, Mr. Priyantha Punchihewa & Mr. Chandana Samaraweera*

### Members' Fellowship Night 2023

The inaugural Members Fellowship Night was held on 18 December at the CMA Auditorium to promote camaraderie and provide networking opportunities for members. The event was inaugurated by Prof. Lakshman R. Watawala, Founder President, and attended by notable guests including Prof. G.L. Peiris MP (CMA Patron), Dr. Harsha De Silva MP, Mr. H. M. Hennayake Bandara (Vice President-CMA), CMA Council Members, and other distinguished invitees. The evening featured lively fellowship, festive entertainment, and Christmas carols, creating a joyful and engaging atmosphere for all attendees.

# EDUCATION, TRAINING & DEVELOPMENT, PROFESSIONAL EXAMINATION

## Pioneering Progress through CMA Sri Lanka's Professional Program 2023-2027

As the world evolves rapidly, the role of accountants is expanding beyond traditional accounting and financial stewardship, now incorporating rapidly advancing technology and changing market dynamics. In response to this critical need for adaptation, CMA Sri Lanka introduced its 5th syllabus in 2023, which came into effect from the December 2023 Examination onwards. The transformative initiative was led by a team of dedicated experts led by Dr. Nuwan Gunarathne. The team of experienced consultants was entrusted with the mandate to integrate contemporary trends and emerging paradigms while ensuring relevance and rigor.

The comprehensive syllabus revision encapsulates the objective of "Equipping future accountants." It encompasses modern accounting and finance but also incorporates key skills, digital enablement, value-driven insights, and solution-savvy expertise – which have been identified by corporate leaders as quintessential for future-ready accountants.

The 2023-2027 professional program comprises four levels and five streams, which comprehensively cover the subject areas of management and financial accounting, strategic management, risk management, project management, legal compliance, taxation, audit, and assurance, while adhering to ethical and corporate governance principles, while the skills stream develops expertise in communication and digital technology relevant to the qualification.

The syllabus is supported by meticulously curated study texts which forms the foundation of the educational resources provided by CMA. Crafted with careful consideration of new syllabi, industry trends and emerging practices, these study materials serve as invaluable tools in preparing aspiring accountants to excel in their professional journeys.

In tandem with the rollout of the new syllabus, we provided transitional arrangements, enabling existing students to continue their programs without any disturbance.

### CMA Sri Lanka Examination

The first examination under the new syllabus was held in December 2023 for the Certificate, Operational, and Managerial levels. The first Strategic Level examination under the new syllabus held in May 2024.

Ensuring a smooth transition to our 5th syllabus was a priority for 2023; therefore, we strictly adhered to the published examination timetables throughout the year. Our new Learning Management System (LMS) facilitated practice exams for all subjects under the new syllabus, including those in the Sinhala medium. Special arrangements were made for the skill subjects in the new syllabus, with monthly examinations offering more opportunities to improve the completion rate of CMA Examinations.

Students outside Sri Lanka were given the opportunity to take their CMA Certificate, Operational, and Managerial level exams at overseas Pearson Vue centers, while the Strategic level exams were offered online.

In our endeavor to leverage technology to better serve the student community, we implemented a new information system to manage examinations. This system has streamlined the application process, significantly reducing processing times and improving the overall student experience. With its digitalized and user-friendly interface, students can now easily apply for exams, track their progress, and access essential resources. By automating various administrative tasks, the system not only enhances efficiency but also ensures that students receive timely updates and support throughout their examination journey.

### Examinations Committee

CMA Sri Lanka's examination framework is central to maintaining the highest professional standards in management accountancy. Our examinations, guided by a rigorous syllabus and conducted multiple times a year, assess students across key areas such as accounting, strategy, and digital skills. Developed by expert committees, the exams ensure both relevance and quality. In addition to our core CMA qualification, we also offer specialized programs, such as the Certified Hospitality Finance and Management Accountant (CHFMA), to cater to diverse industry needs. These efforts, combined with modern examination methods and robust support systems, ensure a comprehensive and fair assessment process for all candidates.

The Examinations Committee is tasked with creating examination papers for every tier of the CMA qualification. The committee, chaired by a seasoned professional, selects its members based on their subject expertise and practical experience, drawing from both academic and professional backgrounds. The development of exam papers involves a comprehensive, multi-stage review process to ensure quality and accuracy. Throughout 2023, all examinations proceeded as scheduled without any disruptions. Both online and in-person exams were conducted under strict supervision. Results were published promptly, within two weeks for computer-based tests and within 40 days for traditional, paper-based exams.

### CMA Practical Experience Requirement (PER)

The Practical Experience Requirement (PER) framework is the cornerstone of CMA Sri Lanka's commitment to nurturing future-ready professionals. To become a CMA member, students must complete both the CMA examinations and the PER. CMA Sri Lanka hosts monthly awareness sessions to guide students. Additionally,

recognizing the need for accessibility and personalized assistance, an anytime hotline is available for those seeking instructions and mentorship throughout their PER journey. Following the implementation of these proactive measures in 2023, a significant improvement has been noted in the number of students who engaged in PER and went on to receive ACMA Membership.

### Revision Programme

Ahead of every examination, we have conducted revision programs the operational, managerial and strategic levels, while recorded lectures are available for the revision of those sitting certificate level examinations. This extensive revision programme provides students with learning support based on the new syllabus. The Institute ensures such revision classes are offered at an affordable price or free of charge.

Furthermore, the CMA Learning Management System (CMA LMS) was introduced to provide students with a comprehensive range of learning resources. These include practice tests, mock exams, recorded lectures, revision sessions, and reading materials, all tailored to enhance exam preparation.

### Certified Hospitality Finance and Management Accountant (CHFMA)

The Certified Hospitality Finance and Management Accountant (CHFMA) program, inaugurated in 2017, is a professional qualification offered jointly by CMA Sri Lanka and the Sri Lanka Institute of Tourism and Hotel Management (SLITHM). The program aims to develop specialized accounting professionals for the hospitality industry. In 2023, the program saw two intakes, with 54 students successfully completing the rigorous examinations. Additionally, three individuals were awarded memberships to the prestigious Certified Hospitality Finance and Management Accountants (CHFMA).

### Building the CMA Brand

CMA Sri Lanka is dedicated to expanding its presence and impact by actively engaging with schools, universities, and public institutions through initiatives that help to build a strong foundation for the future of management accounting. By conducting awareness sessions at universities and participating in prominent exhibitions, CMA connects with students, educators, and professionals, promoting the value of its qualifications. These efforts reflect CMA's ongoing commitment to nurturing the next generation of management accountants while enhancing the visibility and reputation of the CMA brand across Sri Lanka.

### National Competition for the Best School Commerce Society 2022

The National Competition for the Best School Commerce Society 2022 was organized by the Ministry of Education in collaboration with the Institute of Certified Management Accountants of Sri Lanka. The Awards ceremony was held on 30th May 2023 at the BMICH with Minister of Education Dr. Susil Premjayantha as chief guest and Education Secretary Mr. M. N. Ranasinghe and the Chairman of CMA Prof. Lakshman R. Watawala being the guests of honor. The CMA governing council as well as senior officials of Ministry of Education also participated at the event.

**Samurdhi Officers Training and Awards Ceremony**

CMA Sri Lanka, in its commitment to enhancing public service, initiated a national effort to empower officers of the Samurdhi Department. In collaboration with the Samurdhi Development Department, we launched the "Accounting and Business Studies Residential Professional Training Program." A total of 700 Samurdhi Bank officers successfully completed the training and were awarded certificates at a ceremony held at the Bishop's College Auditorium.

**University and SLIATE Visits for Awareness Sessions**

During the year, we conducted a series of guest lectures and programs on the CMA qualification across the island, targeting university students and SLIATE students.

Above said exemptions are granted only for Graduates. Conditional arrangement refers to the opportunity of offering the same number of exemptions for 02<sup>nd</sup> year completed and 03<sup>rd</sup> year completed undergraduates as well.

Exemption policy under new syllabus (2023 – 2027) will be prepared offering only the eligible subjects for the respective year completed at the university.

Southeastern University

### Our presence at Exhibitions

We participated in the Future Mind Exhibition and the Investment Week 2023 Exhibition at the University of Kelaniya. This provided a valuable opportunity to engage with a diverse audience, ranging from prospective students to industry professionals.

### Seminars for Advanced Level students

Several seminars were conducted for A/L students in schools to introduce and provide insights into the CMA course.

## Continuing Professional Development (CPD)

CMA provides its members with opportunities for Continuing Professional Development (CPD) through a range of profession-relevant programs.

In 2023, thirteen virtual webinars were offered free of charge, delivering a total of 14 CPD hours to CMA members. These webinars covered a broad spectrum of topics, allowing members to enhance their knowledge and were well-received with strong participation.

## CMA Business School

The primary function of the CMA Business School is to offer programs designed to benefit its members. In 2023, the Business School organized a series of short courses for members, students, and non-members, collectively providing 134 CPD hours. These courses aim to help members meet the mandatory requirement of completing 20 CPD hours annually.

- The course on Practical Application of Income Tax was conducted by Mr. Athula Ranaweera, Managing Partner Ranaweera Associates and Mr. Saman Dissanayake, Senior Deputy Commissioner Dept. Inland Revenue
- The courses on Advanced Excel Tools for Data Analysis, Visualization and Dynamic Interactive Dashboards, Professional Business/Marketing Infographic Presentations with Advanced PowerPoint, Mastering Power Analytics with Advanced Excel & Power BI, Mastering Advanced Excel + for Data Analysis, Visualization, Transformation and Dynamic Dashboards were conducted by Ms. Nilanthi Jayawardena, Data Analytics Specialist, Effusions Learning Solutions.
- The course on Practical Application of VAT & RAMIS was conducted by Mr. Saman Dissanayake, Senior Deputy Commissioner Dept. Inland Revenue, Mr. Thusitha Gamage, Sr. Deputy Commissioner Department of Inland Revenue and Mr. Athula Ranaweera, Managing Partner Ranaweera Associates.

### Infrastructure : Physical and Digital

To support our growth and the evolving needs of our stakeholders, we maintain and invest in both physical and digital infrastructure. By enhancing our physical facilities and expanding our digital capabilities, we aim to provide a seamless and modern experience for our members, students, employees and consultants. These improvements not only facilitate better access to resources and services but also strengthen our ability to deliver education, training, and professional development in an increasingly digital world.

### Computer Center

During the year, we upgraded the CMA computer centre to support students to follow selected modules and workshops, to facilitate computer-based examinations and to provide further learning for professionals. Accordingly, skill modules relevant to the CMA professional program, Data Analytics workshops, ITA workshops, Advanced Data Analytics workshops and Digital Tools for Accountants program are conducted for students on hybrid basis by connecting to the well-equipped CMA Computer Centre. In addition, the Centre also offers an Advanced Excel course designed for professionals in Finance, Human Resource, and Analytics who already have sound knowledge in handling basic excel functions and features.

### Student Engagement

CMA Sri Lanka is committed to providing a well-rounded experience for its students, offering opportunities for both professional and personal growth. Through various initiatives, including leadership development programs, soft skills workshops, and sports events, we create platforms for students to engage, network, and enhance their skills beyond the classroom. These activities are driven by the CMA Students Guild, which takes leadership in helping the student body to build confidence, foster teamwork, and gain insights into the accounting profession.

### International Students' Conference

The International Students Conference, organized by the Students' Guild, was held on 19th August 2023 at the Center for Banking Studies (CBS) in Rajagiriya, under the theme "Impact of Technology & AI on the Accounting Profession".

The event was attended by international students representing The Institute of Chartered Accountants of Nepal, The Institute of Cost Accountants of India, The Institute of Chartered Accountants of India, and the Institute of Cost and Management Accountants of Bangladesh.

The conference included three technical sessions, covering three aspects of the theme. The first technical session centered on the theme of "Adoption of Technology in Various Sectors", and was chaired by Mr. Asanga Wimalaratne, Council Member, and co-chaired by Mr. Kosala Dissanayake, Acting CEO of CMA Sri Lanka.

The 2nd Technical Session was themed "Opportunities Beyond Boundaries"; it was presided over by Mr. Tishan Subasinghe as Session Chairman while Mr. Puvendran Gajendra, CMA Council member was the Co-Chair.

The third session was titled "Country Perspective in Embracing Technology in the Accounting Profession"; it was designed to showcase the global outlook on how technology has been integrated with accounting. This session was guided by session chairman Mr. Ruchira Perera and his co-chair Ms. Sureka Ketawala, both members of the CMA Governing Council. The highlight of the session was a series of presentations by students from various countries, who provided insights into their respective countries' approaches to integrating technology within the accounting profession.

### IFAC President Ms. Asmâa Resmouki meets with CMA Students

Ms. Asmâa Resmouki, President of the International Federation of Accountants (IFAC) was hosted by the Institute of Certified Management Accountants at the CMA Auditorium on the 6th October, 2023. The event brought together members of the CMA governing council and directors, professionals and industry leaders as well as about CMA 50 students for meaningful discussions and networking.

The focal point of the event was Ms. Asmâa Resmouki's insightful address, where she discussed IFAC's future plans for developing purposeful accounts and the direction of the accounting profession.

The event provided an opportunity for the CMA Students' Guild to engage with the IFAC President; they showcased events held since the inception of the Guild and shared their views on the accounting profession and the role of the CMA professional programme in shaping their careers. The CMA Students Journal, recognising outstanding student performance in examinations, was launched at the event while the CMA Learning Management System was introduced as a cutting-edge tool to enhance the learning experience for future accounting professionals.

### Speech Craft Program

The Speechcraft Program, conducted by CMA Sri Lanka in collaboration with the CMA Sri Lanka Toastmasters Club, follows the renowned Toastmasters International framework, designed to enhance students' communication and leadership skills. Over the year, 181 students participated across eight Speechcraft batches and successfully completed the program.

**CSG Cricket Fiesta 2023: A Day of Sportsmanship and Achievement**

Every year, the CMA Students Guild organizes the 'CSG Cricket Fiesta 2023' – a day of sportsmanship and fellowship that brings together teams from a number of invited organisations and institutions. The annual event got underway on the 19th of February this year at the Thurstan College Grounds. 19 high calibre teams took part in the competition, which was conducted in the true spirit of camaraderie and sportsmanship.

The ultimate champions, "Online Accounting.lk" showcased their teamwork, skill, and strategic brilliance. In a closely contested final, "The Institute of Chartered Professional Managers of Sri Lanka" secured the runner-up position.

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF INSTITUTE OF CERTIFIED MANAGEMENT ACCOUNTANTS OF SRI LANKA (INCORPORATED BY PARLIAMENT ACT NO. 23 OF 2009)

#### Report on the Audit of the Financial Statements

##### Opinion

We have audited the financial statements of Institute of Certified Management Accountants of Sri Lanka ("the Institute"), which comprise the statement of financial position as at 31 December 2023, and the statement of Income and expenditure, statement of changes in funds and statement of cash flows for the year then ended, and notes to the financial statements, comprising a summary of material accounting policies.

In our opinion, the accompanying financial statements of the Institute give a true and fair view of the financial position of the Institute as at 31 December 2023, and of their financial performance and its cash flows for the year then ended in accordance with Sri Lanka Accounting Standard for Small and Medium-Sized Entities (SLFRS and SMEs).

##### Basis for Opinion

We conducted our audit in accordance with Sri Lanka Auditing Standards (SLAuSs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Institute in accordance with the Code of Ethics for professional Accountants (including Sri Lanka Independence Standards) issued by CA Sri Lanka (Code of Ethics) and we have fulfilled our other ethical responsibilities in accordance with the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### Other Information

The Governing Council is responsible for the other information. These financial statements do not comprise other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

##### Responsibilities of the Governing Council and Those Charged with Governance for the Financial Statements

The Governing Council is responsible for the preparation of financial statements that give a true and fair view in accordance with SLFRS for SMEs, and for such internal control as the Governing Council determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error

In preparing the financial statements, the Governing Council is responsible for assessing the Institute's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Governing Council either intends to liquidate the Institute or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Institute's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SLAuSs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of the auditor's responsibilities for the audit of the financial statements is located at Sri Lanka Accounting and Auditing Standards website at: <http://slaasc.com/auditing/auditorsresponsibility.php>. This description forms part of our auditor's report.

**INSTITUTE OF CERTIFIED MANAGEMENT ACCOUNTANTS OF SRI LANKA  
NOTES TO THE FINANCIAL STATEMENTS**

*For the year ended 31 December 2023,*

---

**1. Accounting policies**

**1.1 Reporting entity**

The Institute of Certified Management Accountants of Sri Lanka (“the Institute”) was incorporated under Act of Parliament No 23 of 2009 on the 20 of April 2009 as the successor to the society of Certified Management Accountants of Sri Lanka (“the Society”). The Society has ceased to function with effect from 20 April 2009. The Society of Certified Management Accountants of Sri Lanka was incorporated on 29 June 1998 as an Institute in accordance with the provisions of the Societies Ordinance.

The registered office and the principal place of business of the Institute is located at 29/24, Visakha Private Road, Colombo 04.

**Principal activities**

The principal activities of the Institute are as follows:

- To provide membership to those accountants engaged in the profession of Management Accountancy;
- To promote the study of the theory and practice of Management Accountancy in all aspects;
- To register, educate and train any person who is contemplating to become a member of the Institute; and complied with practical training requirements.
- To conduct examinations and to grant membership to those who have passed all the examinations and complied with practical training requirements.

**1.2 Basis of preparation**

**(a) Statement of compliance**

The financial statements have been prepared in accordance with Sri Lanka Accounting Standard for Small and Medium Sized Entities (SLFRS for SMEs). The financial statements of the Institute comprise the statements of financial position, statement of income and expenditure and accumulated fund and cash flow, and notes to the financial statements.

**(b) Basis of measurement**

The financial statements have been prepared on the historical cost basis. No adjustments have been made for inflationary factors in the financial statements.

**(c) Functional and presentation currency**

These financial statements are presented in Sri Lankan Rupees, which is the Institute’s functional currency.

**(d) Use of estimates and judgments**

The preparation of financial statements in conformity with Sri Lanka Accounting Standard for Small and Medium-sized Entities (SLFRS for SMEs) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgment about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only the financial year or in the period of the revision and future periods if the revision affects both current and future financial years.

**INSTITUTE OF CERTIFIED MANAGEMENT ACCOUNTANTS OF SRI LANKA**  
**NOTES TO THE FINANCIAL STATEMENTS**

*For the year ended 31 December 2023,*

**1.3 Material accounting policies**

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

**(a) Property, plant and equipment**

**(i) Recognition and measurement**

All items of property, plant and equipment are measured at cost less accumulated depreciation. The cost of property, plant and equipment is the cost of purchases or construction together with any expenses incurred in bringing the asset to its working condition for its intended use.

**(ii) Depreciation**

Items of property, plant and equipment are depreciated on a straight-line basis over the estimated useful lives of each component.

	<u>Years</u>
Building	40
Computers	5
Office equipment	5
Furniture	5

The estimated useful lives for the current and comparative periods are as follows:

All assets are depreciated from the month of the asset is available for use up to the month of disposal.

**(b) Intangible assets**

**(i) CMA Curriculum**

Costs that are directly attributable to the development of curriculum and study materials of the CMA qualifications are recognized as intangible assets. When it is feasible to implement the new curriculum, the investment attributable to the project during the development period can be reliably measured and it can be demonstrated that it will generate probable future economic benefits to the Institute.

These costs are amortized over the effective period of the new curriculum and the remaining useful life is reviewed at least at each financial reporting year end.

**(ii) Accounting software and the ERP system**

Costs that are directly attributable to the acquisition of Sage 50 accounting software and the ERP system are recognized as intangible assets, when it is technically feasible to implement the new accounting software and ERP system and can be reliably measured and it can be demonstrated that will generate probable future economic benefits for the institute.

**(c) Inventories**

Inventories are stated at lower of cost and net realizable value. Net realizable value is the estimated selling price in the ordinary course of business less the estimated selling expense. Cost is determined on a weighted average basis.

**(d) Short term investments**

Investments in money market instruments with a maturity period of over three months are treated as short term investments and are recognized at amortized cost.

**INSTITUTE OF CERTIFIED MANAGEMENT ACCOUNTANTS OF SRI LANKA  
NOTES TO THE FINANCIAL STATEMENTS**

*For the year ended 31 December 2023,*

**1.3 Material accounting policies (Continued)**

**(e) Other receivables**

Debtors and receivables are carried at anticipated realizable value. An estimate is made for bad and doubtful receivables based on a review of all outstanding amounts at the year end.

**(f) Cash and cash equivalents**

Cash and cash equivalents comprise cash in hand, deposits held at call with bank, and investments in money market instruments with a maturity period of less than three months.

For the purpose of the statement of cash flows, cash and cash equivalents comprise cash in hand and cash with bank, and investments in money market instruments, net of bank overdraft. In the statement of financial position, bank overdrafts are included with borrowings under current liabilities.

**Statement of cash flows**

The statement of cash flows has been prepared using the indirect method.

**(g) Liabilities and provisions**

Liabilities are recognized in the statement of financial position when there is a present obligation as a result of past events, the settlement of which is expected to result in an outflow of resources embodying economic benefits. Obligations payable on demand or within one year of the reporting date are treated as current liabilities in the statement of financial position. Liabilities payable after one year from the reporting date are treated as non-current liabilities in the statement of financial position.

A provision is recognized if, as a result of a past event, the Institute has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

**(h) Taxation**

The provision for income tax is based on the elements of income and expenses reported in the financial statements and computed in accordance with the provisions of the Inland Revenue Act No.24 of 2017 and its amendments thereto.

**(i) Employee benefits**

**Defined contribution plans**

Obligations to defined contribution plans are recognized as an expense in the statement of comprehensive income as incurred. The Institute contributes 12% and 3% of gross emoluments of employees as Provident Fund and Trust Fund respectively.

**Defined benefit plan**

Provision for retirement gratuity has been made for employee who have completed one year of service with the Institute. However, under the payment of Gratuity Act No. 12 of 1983, the liability for gratuity arises only on completion of five years continued service.

**(j) Government grant**

Grants are recognized in the financial statements at their fair value. When the grant or subsidy relates to an expense, it is recognized as an income over the period necessary to match it with costs, which is intended to compensate for on a systematic basis.

Grants and subsidies related to assets are generally deferred in the statement of financial position and credited to the statement of income and expenditure over the useful life of the asset.

**INSTITUTE OF CERTIFIED MANAGEMENT ACCOUNTANTS OF SRI LANKA  
NOTES TO THE FINANCIAL STATEMENTS**

*For the year ended 31 December 2023,*

**1.3 Material accounting policies (Continued)**

**(k) Revenue recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the institute and the revenue can be reliably measured on an accrual basis. Revenue is measured at the fair value of the consideration received or receivable. The following specific criteria are used for the purpose of recognition of revenue.

Interest income is recognized as interest accrues, taking into account the effective interest rate (EIR) of the investments.

However, subscription income from members and students, and examination fee income are recognized on accrual basis.

Surplus / deficit on examination, seminars, courses and other educational and members' activities are taken to the statement of income and expenditure based on the year of completion of such activity.

**(l) Other non- operating expenses**

All expenditure incurred in the operations of the business and in maintaining the capital assets in a state of efficiency have been charged to income in arriving at the Institute's surplus for the year.

**(m) Comparative information**

Where necessary, comparative figures have been rearranged to conform to the current year's presentation.

**(n) Events occurring after the reporting date**

All material post reporting events have been considered and where appropriate adjustments or disclosures have been made in respective notes to the financial statements.

**(o) Commitments and contingencies**

Contingencies are possible assets or obligations that arise from a past event and would be confirmed only on the occurrence or non-occurrence of uncertain future events, which are beyond the Institute's control.

Commitments and contingencies are disclosed in Note 24 to the financial statements.
